

Swimming For Pets

There's no better joy than sharing your pool with your furry friends. While swimming with your pet can be a fun and rewarding experience, it's essential to prioritize their safety.

Here are some ways to keep your pet safe in the water:

Check your pet's **readiness** for swimming

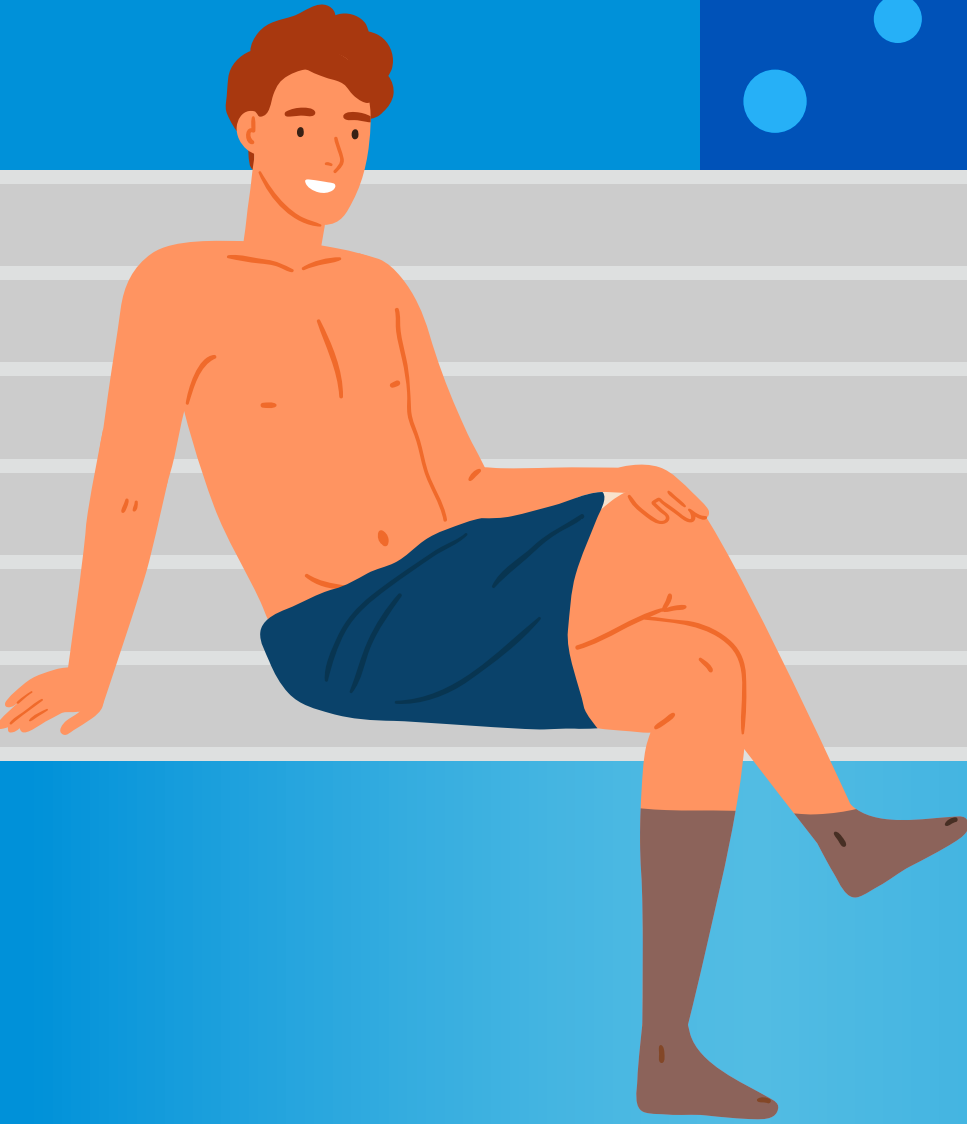

Use a dog **life jacket** for added safety

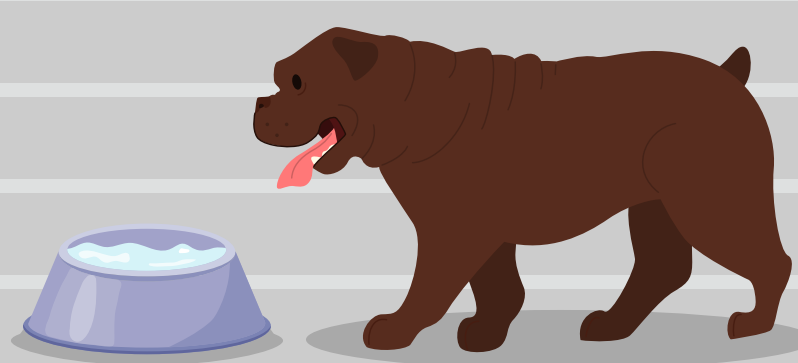

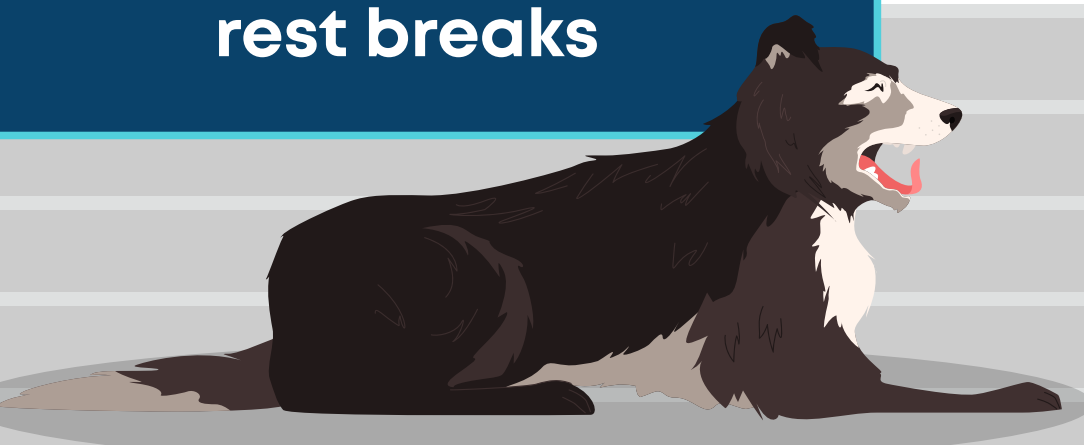

Introduce them **gradually** to the pool

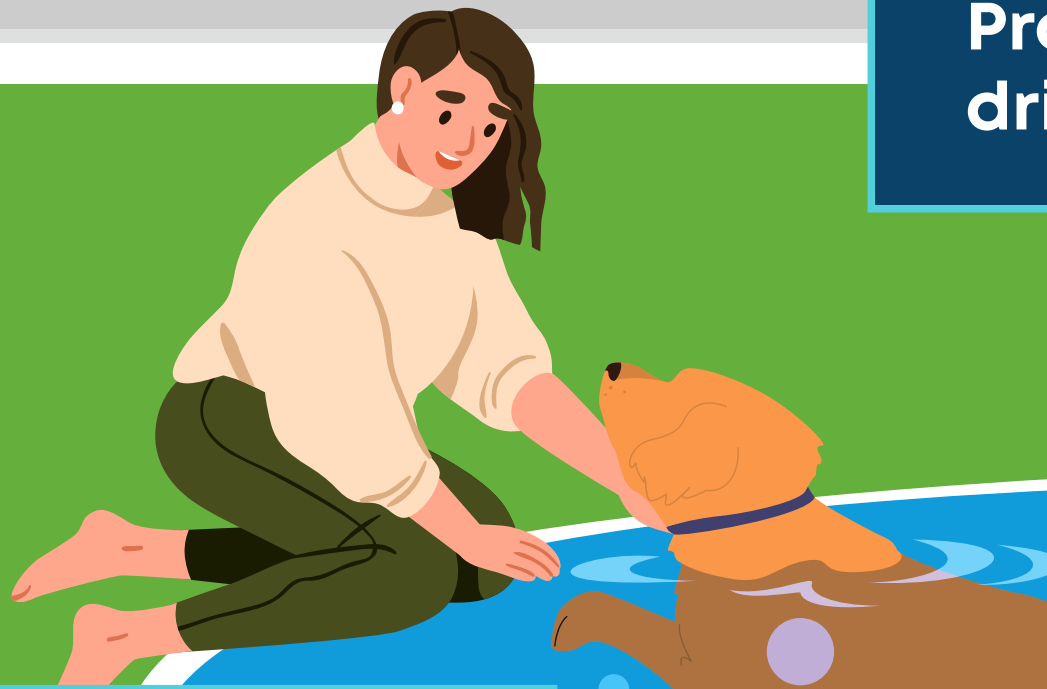

Always **supervise** your pet in the pool

Take **regular** rest breaks

Provide **fresh** drinking water

Teach your dog how to **exit** the pool safely

Clean your pet's **ears** after swimming

Rinse your dog with **fresh** water post-swim

If you need any advice regarding pool safety for pets, contact your local MPG member. Happy swimming!
